Mr. Harold Weisbery
Hyattstown, Maryland

Dear Mr. Weisbery:

We have given careful consideration to your generous offer of live ducks for the children at the District Training School. We have had ducks in the past but gave them up because they were found to be not as desirable for pets as cats or dogs. Thank you for your thoughtfulness in offering the ducks to us.

The most popular pet at the Children's Center is a burro. Anytime you have any burros to give away we would be very interested.

Sincerely yours,

Winifred Thompson
